<p>We have established an online E-Learning Tandem project for Spanish since winter semester 2015. Students who take free Spanish courses at our university meet online with students from Spanish partner universities to improve their Spanish. One time they speak Spanish, one time German or English (because the Spanish students want to learn either German or English).</p> <p>Up to now, we have been working together with two partner universities, Rovira I Virgili in Tarragona and Universitat de Barcelona, but we are looking for more partners and would like to spread our network in this project.</p>

<p>We are actively taking part in various Activities in ERASMUS Programmes. We have ongoing cooperation activities and mobility exchange within EU countries as well as international mobility exchange starting this year. We are coordinator of two ERASMUS Mundus Programmes in the field of Education (Marihe) and Culture (MediaAC). There are taking part in several projects in Capacity Building for HE in various geographical regions as coordinator and as partner organisation. We are looking forward to expand our network and successfully implement further joint projects.</p>

Especially cooperation within existing Jean Monnet Chair "European Integration & Ethics (see <i>infra</i> )			
Other relevant information (if applicable):			
<p>Current <b>Jean Monnet Chair "European Integration &amp; Ethics"</b>: Current research shows increasing references of EU law to ethics. Given the impact of EU integration on almost all aspects of life and current pressing issues (refugees / migration; new health technologies etc.), there is a need for a deepening of teaching and research on European integration and ethics. Named according to one of the EU's founding fathers, Jean Monnet, the EU under its Erasmus+ program is generously co-funding this Jean Monnet chair on European integration &amp; ethics, which has been established in Sept. 2016.</p> <ul style="list-style-type: none"> <li>• Online course on "EU integration &amp; ethics": <b>MOOC</b> available both as pure online course (for external participants outside MCI) or as blended course (1<sup>st</sup> day kick off and final session at MCI; meetings in-between via Adobe Connect) for students at MCI. Raising awareness for ethically sensitive issues. This course will again be offered from 20 Nov. - 1 Dec. 2017, not requiring any pre-knowledge and open not only to MCI Bachelor and Master students, but also to interested people outside MCI. All information is available on <a href="https://jeanmonnet.mci.edu/jean_monnet_mooc">https://jeanmonnet.mci.edu/jean_monnet_mooc</a>. Other courses amounting to 138 hours per year.</li> <li>• Different <b>guest speeches</b> of EU experts (decision-makers in Brussels, e.g. from the European Parliament) in <b>regular</b> MCI courses, as well as <b>open</b> lectures for the wider public; all activities on the Chair's website: <a href="https://jeanmonnet.mci.edu/news">https://jeanmonnet.mci.edu/news</a>.</li> <li>• In the context of building an active citizenship and creating awareness for legally and ethically challenging topics, also the <b>younger generation</b> has been involved. Between May and July 2017, the Chair has given several guest speeches at different <b>schools</b> (HTL, NMS, etc.) in Innsbruck to discuss various topics concerning the impact of the EU and different examples of ethical dilemma.</li> <li>• <b>Research</b> and <b>guest speeches</b> both in Innsbruck and worldwide (<a href="https://jeanmonnet.mci.edu/publications">https://jeanmonnet.mci.edu/publications</a>).</li> <li>• All these and other activities well documented on the Chair's <b>website</b>: <a href="https://jeanmonnet.mci.edu/">https://jeanmonnet.mci.edu/</a>.</li> </ul>

<p>We are interested in discussing possibilities for participation of TU Wien in projects in diverse fields of higher education and university management (HE&amp;UM), which TU Wien can offer the necessary expertise for.</p> <p>TU Wien is the oldest and biggest technical university in Austria. It was established in 1815, and at present, it has approximately 30000 students studying at eight faculties: Architecture and Planning, Civil Engineering, Electrical Engineering and Information Technology, Informatics, Mechanical and Industrial Engineering, Mathematics and Geoinformation, Physics, and Technical Chemistry.</p> <p>The International Office of TU Wien (IO) actively supports development of international cooperation in the area of HE&amp;UM between TU Wien and other higher education institutions. The IO has a long-term experience with EU projects and has prepared and coordinated many projects in different fields of HE&amp;UM, e.g. establishment and development of international offices, environmental protection, applied computing, continuing education, etc.</p> <p>We will be pleased to discuss any project ideas in which TU Wien could play an active role either as a partner or a coordinator.</p>

<b>Other relevant information</b> (if applicable):			
<p>The University College of Teacher Education Vienna/Krems (KPH) was founded in 2007.</p> <p>The institution is unique in Europe in its ecumenically oriented approach. Moreover, with its five campuses in Vienna and Lower Austria it is Austria's largest private university college of teacher education. Based on a balanced curriculum of initial teacher training, in-service teacher training and further education, the KPH offers opportunities for teachers to acquire qualifications and professionalization in order to be able to meet the challenges in the fields of general pedagogy (Primary / Secondary / Inclusive Education) and religious education.</p> <p>Since autumn 2016 we focus increasingly on interreligious relations, beginning integrating Muslim, ALEVI and Jewish training programmes of initial teacher education. We provide opportunities to study the diversity of Abrahamic religions and to contribute to a peaceful, pluralistic evolution of our society.</p>

<p>Montanuniversität Leoben (<a href="http://www.unileoben.ac.at">www.unileoben.ac.at</a>) is well-known as one of the best Universities in Austria undertaking high-quality research focused along the “added value chain”, from the extraction of raw materials and their preparation, material &amp; product development, production processes, manufacturing, building components/plants up to recycling and deposition. The different research areas of Montanuniversität Leoben embrace R&amp;D for industry as well as for public institutions. Additionally Montanuniversität Leoben participates in setting-up of national competence centres, CD laboratories, research studios as well as takes part in a high number of national, European and international research projects (FP7, H2020, ...).</p>
